Horses With A History From The Ranch To The Rodeo

We would like to take this opportunity to welcome you to the 11th Biennial Ranch and Performance Horse Production Sale. It is with great pleasure that we present this year's sale offerings.

It has always been our goal to raise the kind of horse we want to ranch and rodeo on. That tradition continues today. Over the years, we have developed a unique program of raising ranch and rodeo horses coming from a solid foundation developed by over 50 years of Driftwood and Hancock bloodlines. All of us producers ranch and rodeo, and we all ride the horses we raise to ship, brand and compete on at the rodeos.

We thank you for your patronage and confidence in the horses we breed.

RANCHING HERITAGE BREEDERS

The American Quarter Horse Association is committed to the promotion of the ranch horse. There are programs to help ranchers to market their ranch-bred American Quarter Horses and opportunities for ranch-bred horses to be showcased in competition.

Ranching Heritage Breeders Program

Ranching Heritage Breeders are AQHA member-owned ranches and individuals who represent longevity, honesty and integrity in raising quality American Quarter Horses and uphold ranching heritage traditions.

Ranching Heritage Breeders must breed and register at least five foals annually and must maintain a remuda of horses used to operate a working cattle operation. The ranch also must have received an AQHA 10-year breeder award to be eligible for the program.

The horses that come from Ranching Heritage Breeders uphold the tradition and heritage of the working cattle ranch and when horses are purchased from a Ranching Heritage Breeder, that great tradition continues.

RANCHING HERITAGE CHALLENGE

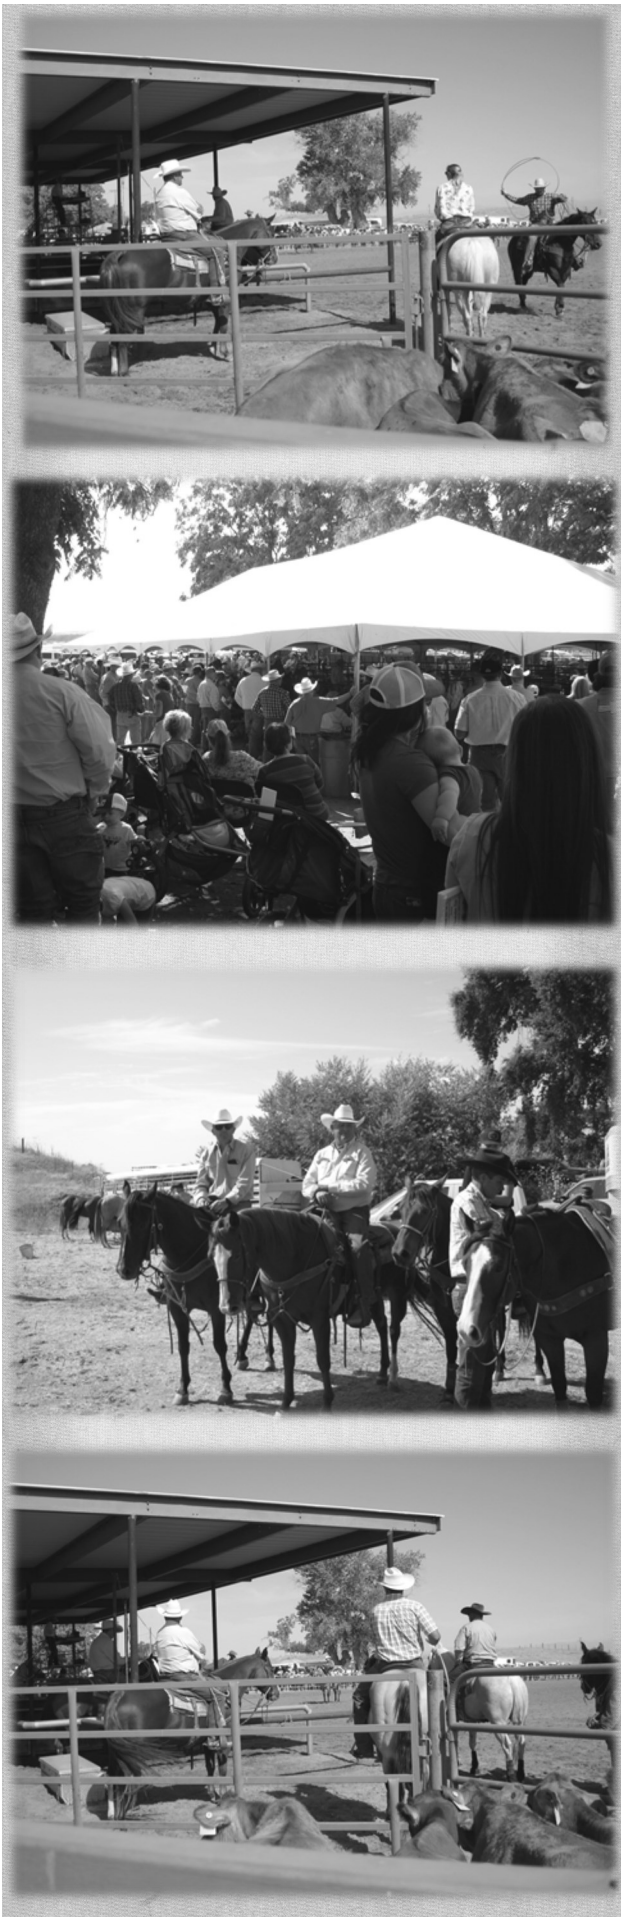

An exclusive opportunity for Ranching Heritage bred-horses, the AQHA Ranching Heritage Challenge is a way to showcase ranch-bred American Quarter Horses.

The Challenges offer multiple divisions for various ages and skill levels for both horse and rider. Classes include working ranch horse, ranch riding, team roping and barrel racing.

To be eligible, horses must have been bred by a Ranching Heritage Breeder, plus all payments—weanling, yearling, 2-year-old, and 3-year-old—must be complete in order to compete. Those payments also generate the purses for Ranching Heritage Challenge events. Horses that compete in a Ranching Heritage Challenge qualify for the RHC Finals. For more information about AQHA'S ranching programs, including a list of Ranching Heritage Breeders, an application to become a Ranching Heritage Breeder and Ranching Heritage Challenge information, visit aqha.com/ranching.

Breeders in this sale participating in this program and horses eligible for Ranching Heritage Challenge will be designated by the AQHA Ranching Heritage emblems in this catalog.

Ikes Smart Belle aka Blue Belle. This very pretty young gray mare has done every possible job on a ranch since she was started as a two year old; branding, gathering in outside country, sorting, loading trucks and doctoring cattle. She's a willing and talented ranch horse. Her breeding and disposition give her the athleticism you would expect and she has been developing that potential for the 60 days before the sale with Andy Holcomb in team roping training. Her talent speaks for itself and her background and breeding are unbeatable. Fairly Smart is the sire of several top team roping horses and has NCHA cutting earnings himself. Belle's granddam was one of the best mares we ever owned and was a full sister to Joe Murray's Blue Light Ike. She was out of one of Gill's famous mares and by the great White Lighting Ike. Throw Jim Wheatley's Trapper in the mix and you have about all you could ask for.

I have branded and done all ranch work on him. He is very willing. He was started and rode for about six months by Clayton Edsell, and he trained very well. We bred him last year out at the ranch. We are very happy with the foals and kept some back for ourselves. Tapgun is by Playgun and out of Tap O Lena who was the best producing daughter of Doc O Lena. Tap O Lena started her own cutting horse dynasty that is going strong today. Espuela Diamante was a home raised mare of ours. She is by Capachex or Checkers. Checkers was one of the best horses we ever raised. We headed, heeled and roped calves on him and won at all levels. We only had this mare out of him, for we gelded him at age two. Fresno Divi Chex won many open bridle championships for Jack Hitchings. Capachex was out of the Double Diamond bred mare, Casadora whom had five AQHA point earners, three World Show qualifiers and many open rope horses. Azuls Chips Mouse was a producer for us of Reno SBF finalists, Troys gray calf horse, Bill McCulloughs roan heel horse, and Espuela Roan or Reba whom won at high levels in barrels, poles, calf roping, and team roping. The real topping to her greatness was she could out produce herself hence Blue Duck, Cowboy and Sister whom won "The Daddy" two times. This horse doesn't have a flaw in his pedigree for producing rodeo or ranch horses.

Blue Light Ike has R.O.M. points in heading, heeling and team penning. World Show qualifier in two events. Won at PRCA, USTRC, NHSRA, NIRA & junior rodeos in all events. Purchased from Will Gill & Sons as a baby, this horse has done everything ever asked of him and done it better than we ever expected. He won his first AQHA points at the Cow Palace in the open heading and heeling as a 2 year old. As a 4 year old, to the Norcal Junior Rodeo Finals. He has been hauled ever since. Blue Light Ike is the model of a foundation bred stallion. We have bred mares in the morning and hauled him to the rodeo in the afternoon. He has stood tied to the trailer for days and nights at rodeos for weeks on end and never caused any trouble. We have been asked many times if he was a colt by the stud and replied "NO THIS IS THE STUD" because he is so good minded. The success of any breeder is only shown by how happy the purchaser is with his horse. There is no value to show how happy we are with Blue Light Ike!

This pretty filly has a nice head, withers and good blue roan color. I have full sisters that I have kept for the family. This filly's mother is one of my best producers, being out of Trapper and out of Sugar Blue, another top producer. This filly has blue roan through her pedigree and will probably produce this color.

I have had this gelding since he was a weanling. We started this colt and rode him as a two and three year old. I then had Dan Erickson and his wife Andrea ride him. He doctored in the pasture by himself, shipped cattle, branded, and has done all phases of ranch work, has trailed cattle to the mountains for summer grazing and back down in the fall, and has been to a few jackpot team ropings. This horse would not be for sale if I were younger. He watches a cow while sorting really well and really wants to be on his backend. He wanted to be that way since the first few rides. He has been hauled to ropings and helped as a pick-up horse at junior rodeos. This kind is hard to find. Height: 15.1 hands Weight: 1270 pounds.
